

1 Day Sanya Cycle Tours

Our 1 day Sanya bike tours will take you from touristy Sanya into the interior of Hainan Island and provide an insight of authentic rural Hainan. You will cycle roads that most tourists never see, these are truly off the beaten track.

We provide tours for both personal recreation and corporate team building events.

Bike Tour 1: Sanya to Baoting Region.

Here you will cycle through gently rolling hills with the mountains as your back-drop.

In the morning we will transport you from your hotel to the drop point near Baoting town (about 1 hour drive). You will cycle through terraced rice paddy fields, ethnic minorities villages, tropical farmland, and waterfalls. Rural Chinese countryside doesn't get much better than this. You will cycle 30 - 60 km (as desired).

After the days cycling we will relax in a landscaped mineral water hot-springs near Baoting. If you prefer you can skip the hot-springs and continue cycling. The tour will finish early evening, when we take you back to your hotel.

Bike Tour 2: Sanya to Wuzhishan Mountain Region.

Wuzhishan mountain is the highest point of Hainan and home to many of Hainan's ethnic minorities.

In the morning we will transport you from your hotel to the Wuzhishan area (about 2 hour drive). You will cycle 30 - 80 km (as desired) along rural mountain roads. You will see rainforest, ethnic minority villages, tropical fruit, a dramatic gorge and waterfalls.

You have the option to go hiking in the mountain rainforest.

The cycling is mainly up and down hill with some quite big climbs and fast downhill, but can be completed by most cyclists. This tour showcases the island's beautiful mountainous region. The tour will finish early evening, when we take you back to your hotel.
